On Loan

Some aids can be borrowed free of charge. These aids are reimbursed by your health insurance company. You can borrow these aids if there is a valid medical reason. This reason is determined by a nurse, medical specialist, other authorised healthcare provider, or by a Vegro employee. The maximum loan period via the health insurance company is 26 weeks. During this period, you pay nothing for the use of the aid. For some items, we can extend the maximum loan period; ask our customer service for the conditions. If you are not insured or not insured in the Netherlands, you can also rent the aids from us.

The loan assortment consists of:

Pressure-relieving cushions (AD cushion)
